

Canada has the highest rate of multiple sclerosis in the world.

100,000 Canadians are affected by the disease. MS stops the nerves from sending messages properly throughout the body.

HELP END MS[®]

-  Sign-up and personalize your online fundraising page at msreadathon.ca
-  Use the online system to ask your friends and family to pledge you for all your hard work
-  Submit all the pledges you've raised to help Canadians with MS
